

Year One maths homework

Spring 1 2018

<p>10th January</p>	<p>Counting in tens Use the hundred-number square to count in tens from 0 to 100 and back to 0. Challenge: Try and count forward and back in tens to 100 without the hundred-number square.</p>
<p>17th January</p>	<p>Counting in tens Use 10p coins to count in tens up to one hundred. Challenge: Use 10p coins to count back in tens from one hundred by taking ten pence pieces away one at a time.</p>
<p>24th January</p>	<p>Number bonds to ten Play 'Ping Pong'. Start off saying 'ping' and your child replies with 'pong'. Repeat/reverse and then convert to numbers. Example: say '2' and they reply '8' adding numbers to ten. Extension: Play 'Ping pong' to 20.</p>
<p>31st January</p>	<p>Money Recognise the coins 1p, 2p, 5p, 10p, 20p. See how many ways they can make 10p using 1p coins, 2p coins, 5p coins and 10p coins. Example: 1p +1p +1p +1p+1p +5p =10p 2p +2p +1p + 5p = 10p Challenge: See how many ways they can make 20p using 1p coins, 2p coins, 5p coins, 10p coins and 20p coins.</p>
<p>7th February</p>	<p>Counting in twos Use 2p coins to count in twos up to twenty. Challenge: Use 2p coins to count in twos beyond 20.</p>
