**Spelling Activities:** Your homework each week will be to learn the 10 spellings above.

I would like you to do these three activities with the spellings above:

1. Make up a crossword puzzle using all the words. Write clues for each word. Give it to an adult to do.

2. Pyramid/Triangular spellings – Write out each spelling as below

e  
ex  
exa  
exam  
examp  
exampl  
example

3. Write out spelling in three different colours and three different styles. E.g. *originally* originally  
*originally* – you can do bubble writing, spiky writing- whatever you want.

**Please ask your parents to check that you have written your spellings accurately for each activity. Thank you.**

**Reading:** Ask your parents to ask you questions about what you have read from **the list**. This will greatly increase your **comprehension skills**, even if you are a 'good' reader. Please ask your parents to sign your yellow Reading Record Book when they have heard you read.

**Maths:** Learn your multiplication tables. You are on planet \_\_\_\_\_. You can find an example of each multiplication grid on the **school website: [www.stbps.co.uk/childrens zone/learning resources/parents planet workshop](http://www.stbps.co.uk/childrens%20zone/learning%20resources/parents%20planet%20workshop)**.

You will be tested next Tuesday on your spellings and maths tables.

In Maths, we will be learning to do problem solving activities connected to time. Please make sure you ask your parents to help you learn how to tell the time using a digital clock

I hope this explains the homework to you clearly. If you have any questions then please ask me or get your parents to send me an e-mail. I am available at school or via the school office e-mail address.

Thank you

Mr J Cumming
