

Year Two Maths Homework

13th September	<p><u>Place value</u> *Practise counting aloud forwards and backwards in 10s to 100. *Can you write these patterns in your homework book too? *Practise counting in tens and ones. Write these down like this: 18= 1ten and 8 ones, 18=10+8. 25=.....tens and Ones, 25=.....+..... <u>Extension:</u> Choose two of the number you have written the place value calculations for above. Can you compare these two numbers? For example: 25 is more than 18, 18 is less than 25.</p>
20th September	<p><u>Place value</u> *Complete the number bonds sheet in your pack. <u>Extension:</u> Practise writing, 1 more, 1 less, 2 more, 2 less and 10 more and 10 less than any two-digit number.</p>
27 th September	<p><u>Addition</u> *Use your number line in your pack to practise adding a one- digit number to a two-digit number by counting on e.g 34+8= 3+17= <u>Extension:</u> Use the 100 square in your pack to add 10 or 20 to any two-digit number, by either moving down one or two rows quickly.</p>
4 th October	<p><u>Subtraction</u> *Use your number line to practise subtracting a one-digit number from a two-digit number by counting back, e.g 45-9= 67-4= <u>Extension:</u> Use the 100 square to subtract 10 ore 20 from any two-digit number, by moving up one or two rows quickly.</p>
11 th October	<p><u>Addition and subtraction</u> *Practise adding three, one-digit numbers together using your number line to count on. <u>Extension</u> Practise a range of addition and subtraction calculations using either a number line or a 100 square.</p>

18 th October	<p><u>Measurement-length and mass</u></p> <p>*Practise using a ruler to measure items around your home. Can you write down how long each item is remembering to use the unit cm?</p> <p><u>Extension:</u></p> <p>Over half term can you make something in the kitchen where you need to weigh in grams? Are you able to weigh the ingredients out accurately?</p>
